San Jose State College

Vol. 40

SAN JOSE, CALIFORNIA, WEDNESDAY, SEPTEMBER 26, 1951

No. 2

JONE PEDERSEN, "MISS CALIFORNIA" of 1949, is shown getting directions for registration as a junior public relations and social science major. Since San Jose State college has long been reputed to have the most beautiful women on California campuses, "Miss California's" presence enhances that reputation.

—photo by Zimmerman

Not Blue Monday

California Queen Registers at SJS

Five feet three and one-half inches of queenly pulchritude, in the personage of 1949's "Miss California" registered for classes in Spartanville early Monday morning.

The blue-eyed, honey-blond, Miss Jone Pedersen of Santa Rosa, is a junior and plans to major in public relations and social science.

Miss California of two years ago comes to San Jose State college after a year in Santa Rosa junior college and a year in Stephens college for girls in Missouri. She attended the Missouri girls' college via a \$1500 scholarship she won for placing fourth in the Miss America contest in Atlantic City in the summer of 1949.

Jone, the only daughter of a Santa Rosa furniture dealer, also made the cover of Life magazine in 1948 when a photographer discovered her on Stinson beach. She was pictured running with a fawn along the edge of the water.

The queenly Miss Pedersen, who measures up to 36½, 25, 36½, is not engaged, but she wears a diamond that is almost one-half carat, a prize for winning the Miss California title. She also won an abundance of clothing and accessories from the sponsors of the state contest.

Since all the contestants were required to exhibit some sort of talent besides looking curvaceous in a bathing suit, the 20-year-old

Miss Pedersen used dramatics as her stepping stone to the state title and fourth place in Atlantic City.

Big Crowd Attends Registration Dance

A "well-mannered" crowd of approximately 2,000 opened the social season at the Civic auditorium Monday night with the Registration dance and student-faculty reception, Cliff Lindsey, social affairs chairman, said yesterday.

Following the reception the students and faculty danced to the music of Howard Fredericks and his Band of Gold.

Highlight of the evening was a "Flea Hop" by ASB President Lud Spolyar, in answer to a challenge of his dancing ability compared to that of Stanford's ASB prexy, Lindsey added.

Patrons for the dance, in addition to the regular faculty, were Dean and Mrs. Stanley C. Benz, Miss Izetta Pritchard, Dean Helen Dimmick and Dr. H. Murray Clark.

More Jobs for All

College to Accelerate Student Placement

More jobs for more students and graduates is the goal of the enlarged placement program inaugurated by San Jose State college with the beginning of its 94th year.

quarters are established, applications for permanent positions will continue to be taken at the present Placement office. The Dean of Men's office will continue to handle applications for part-time and temporary employment.

Will Keep Complete Records

The new Placement office, will have in its file complete records of all present and former students interested in employment while in college. The office also will take the applications of those seeking employment after graduation and will try to find work for which they are especially qualified. Each applicant for employment will be screened by the use of aptitude and interest tests, personal interviews with trained counselors and evaluation of recommendations of former employers and faculty members.

"The office is primarily to serve the students, and the best way to serve them is to have adequate jobs available when they come in. I plan to do this by outside contact with business houses in the community," said Dr. Ouellette.

Information he receives will be available to heads of various departments who are also interested in finding employment for their graduates.

To Improve Office

"It is my sincere desire to make this office a service agency for present and former students and one of the best of the collegiate type on the Pacific Coast," Dr. Ouellette said.

The new placement officer is a graduate of San Francisco State college. He received his M.A. and Ph.D. degrees at Stanford university, and has taught at Fresno State college and at the Menlo School of Business. During World War II he served as a Navy Lieutenant in the Pacific theater.

DR. V. A. OUELLETTE

Under this plan, the college is employing a new placement officer whose duties will be coordinated with those of Miss Doris Robinson, who has been placement director. She will continue to be in charge of placing graduates in teaching positions.

The new placement officer, Dr. Vernon A. Ouellette, will supervise the placing of graduates in business and technical positions and part-time and temporary employment.

The three fields, teacher, business and technical, and part-time placement, will be directed from one office, which will be in the rooms formerly occupied by the registrar's office. Until the new

Total Is Higher Than Expected; Draft Call Down

Registration figures totaled more than 6,600 at 2:45 yesterday afternoon, Glenn Guttmersen, accounting officer, related today.

This figure, he said, is 460 above the 6,200 which Miss Viola Palmer, admissions officer, estimated prior to registration. It is, however, 400 less than the 1950 fall quarter enrollment, he added.

"We were quite pleased," Miss Palmer said, "to note that the draft didn't lower our enrollment as much as expected. By the end

VIOLA PALMER

of the week, there will probably be enough limited students registered to raise the total to approximately 6,900."

Admissions office figures show an increase of over 300 in the number of new students accepted this quarter over the fall 1950 quarter.

Largest enrollment in the college's history came in fall 1949, when 8,019 students registered.

Of the 6,606 students registered, 5,859 are State college students and 747 are Junior college students.

The registrants can be divided into State college non-vets, 4,792; State college vets, 1,067; Junior college non-vets, 684; and Junior college vets, 63.

A few students will continue to register today and tomorrow, Mr. Guttmersen said, but the total will remain a little over 6,600.

The breakdown of students according to classes will be released by the Registrar at a later date, he said.

Part-time Jobs Are Available

Plenty of part-time employment is available to college students this quarter according to a report from Mrs. Florence Cardoza of the part-time job office.

Present openings listed for women range all the way from switchboard operator through waitress and other restaurant work.

A large number of calls have come in for men interested in a few hours of garden work or general clean-up at private homes. Also listed are openings for a caddy, car washer, service station attendant and various sales positions ranging from sandwich sales to retail work downtown.

Interested persons may obtain further information on these, and other openings, by contacting Mrs. Cardoza in Room 1.

Aud Repairing To Finish Soon

Remodeling of the Morris Dailey auditorium, begun last summer, will be completed in about a week, according to Mr. Byron Bollinger, college superintendent of buildings and grounds.

Major purpose of the remodeling, which is costing \$10,000, is to satisfy safety requirements set up by the State Fire Marshal. The Fire Marshal recommended the changes in 1946.

A new closed ceiling is being constructed over the stage, and a sprinkler system is being installed.

According to Mr. Bollinger, gum paneling, like that on the auditorium's walls is being placed along the front of the stage.

Equipment which will make it possible to use the auditorium for large productions is also being installed. In the past, the auditorium lacked facilities for changing scenes and backdrops.

Take Part in At Least One Student Activity, Says Lud

To all the new students at San Jose State college, I wish to express a very sincere welcome when I say that it's wonderful having you as one of us. To all the returning students, it's good to see you on campus again.

Now that summer (which probably consisted of cannery work, fighting the draft board for a 2A classification, etc.) is over, it's time to hit the classrooms. For many of you this year undoubtedly will be one of the most important in your college career. I don't have to echo the refrain "make the most of it," but I do want to say something in regard to participation in activities.

There are many activities in which students can take part on this campus. If every student would take part in at least ONE extra-curricular activity while they were in college, the interest in school spirit and of the indi-

vidual would make a visible increase that would be the envy of

many of our near-by colleges. There is a place for you in student activities; it's up to you.

In regard to this student body card affair, I'm sorry for the confusion, but Sacramento told us two weeks ago about this fee deal and it was too late to do anything about a change. The schedule of classes and the bulletin were all printed, and explained about the universal fee. But now it's all changed.

The smartest thing to do is to buy your student body card today for \$15. Then you won't have any worries for the remainder of the year.

Again I'd like to say "welcome to State." The Student Body office is always open to you. Drop by sometimes, we'd like to meet you.

Sincerely,
Lud Spolyar,
ASB President.

New Blood, New Spirit?

It is encouraging to note that the incoming freshman class has been heralded by ASB president Lud Spolyar as "one of the most spirited" to enter San Jose State college in recent years for this group must assume a task which will demand their full attention and interest—breathing life into the corpse that was once SJS's "school spirit."

No matter how earnest the rally committee may be, no matter what spirit campus leaders may display, the lifeblood of college life cannot be revived without that essential shot of adrenalin which induces demonstrative pride in San Jose State.

So, frosh, it's up to you. Yours is the only group on campus that has not been exposed to the paralyzing indifference nurtured by several classes of blasé upperclassmen who considered their annual nine month stint on campus as a convenient way to while away their time between tours on the production line of the local canneries.

It won't be easy, but it is within your province. Go to it!

R.J.

Student Y Annual Outline Plans Barbecue Features Special Program For Class to Orient Frosh

The Student Y will sponsor its fifth annual fall barbecue at the John Crummeys estate the afternoon and evening of Oct. 3, Bob Fossgreen, chairman, announced today.

Swimming, games, folk dancing, and a special program highlighting the activities of the Y will be included as a part of the affair, Fossgreen said.

"All new and old students are invited to attend," Fossgreen said. "This barbecue is for everyone who is interested in making new friends, in having a good time, and in learning something about the Student Y and the opportunities and services it offers to San Jose State college students."

Tickets for the barbecue are 75 cents and can be purchased at the Student Y, 272 S. Seventh street.

Featuring an agenda studied with faculty, administration and student speakers, Dean Stanley Benz' Freshman Orientation course starts tomorrow with its job of acclimating the frosh to his new environment.

The once-a-week course, meeting at 11:30 o'clock each Thursday morning in Morris Dailey auditorium, opens with an introduction from Dean Benz and an address from President T. W. MacQuarrie.

In succeeding weeks the class—compulsory for freshmen—will be addressed by a number of speakers, including Glenn Hartranft, head of the men's physical education department; Lud Spolyar, student body president; Dr. Dwight Bentel, head of the Journalism department; Joe Juliano, Alumni association director; and Deans Helen Dimmick, Jay C. Elder, and James C. DeVoss.

The number of stock sheep on United States farms has declined 44 per cent since 1942, and is the smallest of records extending back to 1867.

Approximately 400 Faculty Members Are Serving SJS

Slightly less than 400 faculty members and administrative aides have been assembled by the college to serve San Jose State college students this year, Lowell C. Pratt, director of public relations, said last week.

Beginning its 94th year of operation the staff of the college will contain 397 persons, 32 less than during the 1950-51 session, Pratt said. Part of the drop is caused by resignation or dismissal of 50 persons, 10 leaves of absences, four retirements, and one death.

Four Members Retire

Retiring are Miss Helen Mignon of the Home Economics department, Miss Alma Lowry Williams of the Music department, and Dr. Anne S. Aller and Miss Grace Plum of the Health and Hygiene department.

Now on leave are Miss Barbara Wood and Miss Virginia Harden. On military leave are Mr. Owen Atkinson, Mr. O. Allen Israelsen, Dr. Brant Clark, Dr. William M. Michael, Mr. Robert Coleman, Col. Lincoln F. Daniels, Mr. Charles V. Kappen, and Dr. William H. Vatcher.

Thirty-one new instructors have been employed, including 13 who will serve in the military science department.

Ouellette Is Placement Officer

Among these is Dr. Verner A. Ouellette, who will serve as placement officer. He will also have control of placing students in part-time jobs.

Other new members of the faculty:

Education: Gervais W. Ford,

Miss Bethel M. Fry, Miss Frances E. Gulland.

Engineering: Ed C. Glover.
Home Economics: Mrs. Ouida Mallett.

Journalism: Carleton J. Smyth.
Library: Dean C. Dwyer, William G. Reed, Richard A. Thompson.

Mathematics: Dr. Anthony R. Lovaglia.

Music: Leonard H. Freiser.

Natural Science: Dr. Paul J. Freeman, Dr. H. Robert Patterson.

Physical Education for women: Mrs. Helen Cooperider.

Psychology: Norman C. Perry.

Reserve Officers Training Corps: Lt.-Col. Joseph E. Terry, Maj. Stanley W. Martin, Capt. Hugh Donovan, Capt. John F. Hughes,

Capt. Raymond H. Hutchins, Capt. James L. Simkins, M/Sgt. Charles F. Salter, T/Sgt. Thomas A. Filler,

M/Sgt. Don W. Fryer, M/Sgt. Vincent W. Stanizewski, M/Sgt. Glen Steed, M/Sgt. Harold A. Stillwell, SFC Richard F. Hosking.

Displaced Person?

A professor from France was visiting a former colleague at the University of Miami. When a beautiful co-ed entered the office where they were talking, the Frenchman's eyes lit up with obvious approval. "Ah, lovely, lovely—poor child!" he exclaimed when she had gone.

"Why poor child?" cried his friend.

"But to be so young, so beautiful, and not to be in Paris," was the answer.

—"Renegade Rip"

Speech. Miss Barbara Jo Baumann.

Returning from sabbatical leave are Robert Orem of the English department, and Ward Rasmus of the Speech department.

Cal Vets Find Used Textbooks Assist Budgets

More than ever before, now that they must pay cash for books and supplies, veterans under the California State Education Program are realizing that California Book Company is synonymous with the secondhand textbooks that stretch their budget dollars.

CalBook each term scours the country's college bookstores for secondhand texts, especially those never before used on this campus, for the benefit of students with limited finances, who now include CalVets despite increases in their subsistence.

To assure themselves of getting used texts, slide rules, drawing sets and many similar supplies, students must go to CalBook as soon as they've registered, for secondhand items sell out rapidly.

At CalBook they need only to hand a clerk their registration cards, specifying that they want used books wherever possible, and the clerk, by referring to course requirement lists, will obtain all their needs for the term at one time.

Full refunds are given by CalBook on all purchases for the first 10 days of each term to protect students who drop or change courses.

Therapists List October Meeting

The annual fall convention report and business meeting of the California Occupational Therapy association will be held at 1680 Mission street, San Francisco, on Oct. 12 at 7:30 p.m. Eleanor Mann, occupational therapy instructor at San Jose State college, who is president of the organization, will preside over the meeting. Miss Anne Murany will act as hostess.

Floor Plan Shows Music Structure Layout

Wednesday, Sept. 26, 1951

Page Three

"GOING ALONG NICELY"—Shown above is "bird's eye" view of how the new music building will look upon completion.

Dr. Lyle W. Downey, music department head, expressed satisfaction at the rate of construction on the project,

despite the fact that delivery of steel for the building has been stopped pending priority sanction from Washington.

Utilities Cause Stir

Deed Controversy Slows Work on Campus Building

While powerful engines rumble about the construction area of the music building, the site of the engineering structure remains in quiet contrast.

Despite reports that the situation resulting from a controversy between the City of San Jose and the college over the deed to Eighth street, President T. W. MacQuarrie declared that the problem was not serious.

As a result of the Monday night meeting of the city council, the city agreed to give the state the unconditional deed to Eighth street, providing the state agrees to certain provisions.

President MacQuarrie declared that the city feels the state should bear the cost of moving a sewer line, now on Eighth street, to Seventh street. A possible alterna-

tive has been suggested that the sewer and certain utilities be retained on Eighth street after the foundations of the proposed engineering building were strengthened to allow for stress. Then the state would pay for a new sewer line on Seventh street, and old one could be closed off, he said.

Harold Flannery, city engineer, has requested construction plans from the college to study the new proposal, Dr. MacQuarrie said.

President MacQuarrie's opinion on the mildness of the situation was echoed by Mr. Arthur Payne, senior construction supervisor for the state division of architecture, and Dr. Ralph J. Smith, head of the Engineering department.

The present problem which

affects both of the new buildings is a shortage of steel. "Delivery of steel for the music building has stopped, pending priority authority from Washington," Dr. MacQuarrie said.

In reference to the work on the new music building, Dr. Lyle W. Downey, Music department head, declared that the construction work "seems to be going along very nicely. The faster it goes the happier we are."

Dr. Downey declared that the problem over the deed for Eighth street, as yet, hasn't affected the work on the new music building. Dr. Downey, after expressing his happiness to be back in his office in the old music building, said that he too felt the Eighth street problem would soon be cleared up.

Although the completion date of the engineering building has been set for September, 1952, Dr. Smith said, only clearance of the area has been accomplished. Because of this and the shortage of "certain strategic material" he felt that actual completion would occur at some later date.

Want Students In Production

Talented San Jose State college students have been extended an open invitation to display their abilities in a variety act for the homecoming show.

Marv Braunstein, homecoming committee chairman, yesterday urged all interested persons to meet in the east end of the Student Union tomorrow at 3:30 o'clock for tryouts.

Wild Bill Hickock Edifice Will Last

DEADWOOD, S.D. (UP)—The last chip has been knocked from Wild Bill Hickok.

Seventy-five years ago the famed frontier sheriff "cashed in his chips" in No. 10 saloon in Deadwood, when he was shot in the back of the head by glory-seeking Jack McCall.

He was buried in Mt. Moriah cemetery and residents of the mining camp erected a statue of him over his grave.

Souvenir hunters chipped the soft sandstone likeness to pieces. A second and a third statue also fell to the eager tourists.

Now the town is to receive a twice-life-sized bust of Wild Bill, carved from tough granite which will withstand the larceny of souvenir seekers—unless they are equipped with hammer and chisel.

As an added precaution, it will be placed on a pedestal above the reach of the average "hunter".

Crofut To Instruct Class in Gemology

A one-year course in gemology now is being offered by the Natural Science department of San Jose State college, Dr. Carl D. Duncan, head of the department, announced last Friday.

The class will be taught by Francis Crofut of the Industrial Arts department and will meet from 7 to 10 p.m. each Wednesday. Persons not enrolled as regular students in the college may take the course by paying a fee of \$5 at the first meeting of the class.

The course is designed primarily for employees in jewelry stores but will be of value to anyone interested in gems or lapidary work, Dr. Duncan said.

The fall quarter lectures will deal with the history and properties of gem stones. The winter quarter will be devoted to identification of gem stones and the spring quarter to diamonds.

Hillel Members Will Take Part In Holy Days

The first New Year observance of the Jewish high holy days will begin Sunday night, Sept. 30, at 7 o'clock in Temple Emanu-El, Myrtle and University avenues, San Jose.

The B'nai B'rith Hillel Foundation, student center, is arranging for student participation in the service according to Chester M. Zeff, Hillel counselor.

Service for Rosh Hashona will be continued at the temple Monday at 10 a.m. Conducting all services will be Rabbi Joseph Gitin, a former Hillel director at the University of California.

Zeff announced that the first Hillel meeting of the fall term will be held in the YMCA, Third and Santa Clara streets.

Reservations for tickets to all services may be made at the Student Y, 272 S. Seventh street.

Student Continues With Philip Morris

Ray Yonce, San Jose State college student, has been re-appointed campus representative for the Philip Morris company for the next school year. His activities will be conducted around Washington Square and with local student organizations.

Planning Director Will Teach Course

Announcement of a new course dealing with city and regional planning was made yesterday by the instructor Michael H. Antonacci, director of planning for the City of San Jose.

Mr. Antonacci said the new course, called Engineering 184, will deal with the various elements of the master plan. These elements, he said, include planning for transportation, major thoroughfares, zoning, recreational facilities, subdivisions, school sites and facilities, and civic art.

Meetings

AND ANNOUNCEMENTS

Rally Committee: Meet tonight at 7:30 o'clock in Student Union. Some girls and yell leaders should attend as well as all other members. Preparations for the Stanford game will be made.

New Students: If you have not received a "Campus Compass," they are available in the Dean of Women's office.

Sigma Sigma: Bring money for pins to meeting tomorrow night, 7 o'clock, in Student Union.

Aeronautics Students: Programs will be discussed, faculty members introduced, and department organizations presented tonight at 7 o'clock in Room 17. All Aero students invited.

Speech Department: There will be tryouts for "Othello" and "The Swan" this afternoon at 3:30 o'clock in the Little Theater. Any student body member is invited.

Anyone interested in trying out for the homecoming show report to East end of Student Union at 3:30 o'clock tomorrow.

Inter Varsity Christian Fellowship: Meet Thursday at 12:30 p.m. At 7:30 o'clock tomorrow night a get acquainted party will be held in the Student Union. Watch bulletin board for room number announcements.

Mr. J. D. Murchison, Cal Vets adviser, will be in Room 34, Friday, September 28, from 1 p.m. to 3 p.m.

'Othello' Is Opener

Speech Department Sets Six Drama Productions

Six productions, including tragedy and many types of comedy, will be staged by the San Jose State college drama department during the 1951-52 season, according to Mr. Ted Balgooyen, publicity director for the department. This year the plays will open on Friday evenings instead of Thursday and will run five nights through Wednesday, omitting Sundays.

The season's opener is Shakespeare's tragedy, "Othello," which will play to San Jose audiences October 26, 27, 29, 30, and 31. Laid in the 15th century, this play calls for elaborate staging of scenes in Venice and the Isle of Cyprus.

Tryouts for the cast of "Othello," and the second offering of the season, "The Swan," are being held today at 3:30 p.m. in the Little Theater.

To Present "The Swan"

"The Swan," by Ferenc Molnar, is a sophisticated comedy dealing with a princess named Alexandra who falls in love with a commoner. The title is derived from the fact that the swan, like Alexandra, is aristocratic only in its native environment. When the swan emerges from the water, which is its habitat, it is a clumsy, ridiculous figure.

Scheduled for February is James M. Barrie's "What Every Woman Knows," the story of Maggie Shand, who must never allow her husband to realize she is helping him, but must make him believe that it is his own intelligence that gets him on his way.

The second play of the winter's offerings will be Dr. James H. Clancy's own adaptation of Armand Salacrou's "Nights of Wrath," a document of the French Resistance.

The curtain will go up in April.

Civil Service Jobs With State Open To Seniors, Grads

Senior students and graduates in accounting are being offered an opportunity to qualify for a state civil service position as junior accountant-auditor in an examination October 27, according to a state personnel board release.

The state of California has just raised the starting salary from \$255 to \$268.

Those passing the examination are eligible for immediate appointment if they are graduates. If still in school, they will be fully qualified upon graduation.

Students who have completed a professional accounting curriculum, or who are in their last quarter, may file for the examination.

Applications must be in by October 6. Blanks and information may be obtained from the state personnel board, 1015 L street, Sacramento, or from the campus placement officer.

Other civil service examinations coming up in the near future are for assistant construction engineer, \$376-\$458; senior highway equipment clerk, \$281-\$341; junior engineering aid, \$231-\$281; senior engineering aid, \$281-\$341; junior engineering aid, \$231-\$281; senior engineering aid, \$281-\$341; psychiatric resident, \$281-\$341; and senior psychiatric resident, \$376-\$458.

for "There's Always Juliet," by John Van Druten. This is comedy about an attractive young English lady and her rapturous love for a handsome young American.

The final offering of the college drama season will be an imaginative fantasy by Moss Hart, "Lady in the Dark," which was popularized a few seasons ago by Gertrude Lawrence.

James H. Clancy, John R. Kerr, and Elizabeth Loeffler will direct the plays, with J. Wendell Johnson designing settings and Bernice Frisk the costumes.

Season tickets for the performances are available at the speech and drama office, Room 57, until October 6. General admission is \$3.60 and student body admission is \$2.40.

Army Reserve To Defer, Pay SJS Students

For students aiming at draft exemption, the current job offerings of the Army reserve are ideal, according to Col. F. W. Silsley.

Eight immediate jobs, which include three or four openings for draftsmen and several administrative positions, were revealed by Col. Silsley yesterday. The administrative positions included chief clerk, clerk typist and administrative assistant classifications, he said.

Those who have these jobs will be paid, exempt from the draft and will be able to remain in college. In return for this they will be expected to work two hours each week, Col. Silsley said.

The new jobs, which he expects to be expanded to 16 positions, will be a part of the 6222 School Unit of the local Army reserve, he said.

Those interested can obtain additional information by contacting Col. Silsley or Sgt. Hughs at the San Jose Reserve armory, 175 W. Rosa street.

Personnel Board Seeks Specialists

Three top educational positions in the state government will be filled by examinations for which the final application date is October 6, the State Personnel Board announced today.

They are specialist in higher education, paying \$584 to \$710 a month; specialist in state college curricula, \$584 to \$710; and consultant in education research, \$481 to \$584. All require responsible experience in the fields described.

The positions are all with the Department of Education in Sacramento but call for some travel.

The Personnel Board also will receive applications through October 6 for the positions of research assistant and junior research technician. The former pays \$235 to \$295 a month, and the technician's salary is \$295 to \$358.

Committee Sets Time for Rally

A pre-game rally will be held tomorrow night, at 7:30 o'clock on the lawn between the Men's gym and the Police school, according to Tom Mullan, chairman of the Rally committee.

Mullan said they would hold an executive committee meeting this

TOM MULLAN

afternoon to discuss plans for tomorrow night's rally and to discuss the rooting section at Saturday's game.

Bob Wyeckoff, director of last year's Revelries production, is chairman of the entertainment section. He expressed the hope that there would be a large turnout for the San Jose-Stanford game.

Yell leaders and song girls will be decked out for the first organized rooting section of the autumn quarter, Mullan said. We will have a roped-off section for the large rooting section we expect to turn out, he said.

Mullans said he wanted to remind the rooters to wear white for the game.

The appointment of a new song girl, Judy Zent, to replace Joey

Choral Group Issues Call For Male Vocalists

Men are needed to sing in the Choral ensemble for the forthcoming Handel's Messiah, as edited by Dr. J. M. Coopersmith, according to Mr. Gus C. Lease, director of the ensemble.

The course is designated as Music 122 and will meet Tuesday and Thursday afternoons at 1:30. A half unit credit will be given to students enrolled in the course, Mr. Lease emphasized.

Auditions for soloists will be held in the near future. Interested male vocalists should contact Dr. Lyle W. Downey's office in the music building.

At the present time there are many more women than men enrolled in the course, Mr. Lease reported.

This future presentation of the Messiah, to be held in Morris Dailey auditorium, will be the Carl Fischer edition, which will be heard for the first time in San Jose.

The G. Schirmer interpretation of the Messiah is the usual edition offered to audiences by choral ensembles, Mr. Lease pointed out.

Baldwin on the committee, was announced by Mullan.

In discussing plans for the Rally committee, Mullan said that he was sure there would be two small comedy character Spartan heads completed by the San Jose-Fresno game.

BE DEFENSE CONSCIOUS

When Russia decides it is to her best advantage, we will be hit and hit hard on the home front by atomic bombs. An adequate Civil Defense organization—or the lack of it—will determine our survival or our destruction.

Students Save 25% — Buy Texts Before First Class

Savings of 25 percent, plus one-trip buying convenience, are realized by a growing number of students who have learned California Book Company's course-requirement lists make it unnecessary for them to attend classes before getting their needs.

By coming in immediately after registering, they have the best chances of obtaining used texts before they are all sold. California Book Company, through its contacts with all the nation's other college stores, obtains fine second-hand copies of many texts never used on this campus before.

To protect students who drop or change courses, CalBook gives full refunds for the first 10 days of each term. So wise students have nothing to lose and everything to gain: "Come early, hand a clerk your Reg-Card and save money, get everything in one trip, avoid the class-day crowded rush," CalBook urges.

Many courses do not require texts or supplies, and the CalBook lists state so. Moreover, additional savings of from 25 to 50 percent can be realized by selling texts back to CalBook at the close of the term.

Spartan Couples Reveal Summer Wedding Rites

Kinney-Ward

Barbara Ann Kinney and Jack Ward were married at a recent ceremony performed in the Los Gatos home of the bride's mother.

The bride, daughter of Mrs. Sue E. Kinney, was graduated from Los Gatos high school and San Jose State college, where she is working on a MA degree.

The bridegroom, son of Mrs. Clay Goddard of Watsonville, is also working for a MA degree. He was graduated from King City high school and San Jose State college. He is head of the Music department of Benicia high school.

McDowell-Mette

William Darold Mette Jr., World War II veteran with service in Korea, claimed the former Edith Hall McDowell as his bride at a recent ceremony in Centerville. Washington Township Country club was the setting for the reception that followed.

The new Mrs. Mette is the daughter of Mrs. Edward P. McDowell, assistant to the dean of Mills college. A graduate of San Jose State college, the bride is a teacher in the Campbell schools.

The bridegroom is the son of Mr. and Mrs. W. D. Mette of Centerville. He is a senior industrial arts major at San Jose State college.

Moore-Bondelie

A double-ring ceremony performed at the Church of the Wayfarer in Carmel was the scene of nuptials which united Mildred Pamela Moore and Rolf Marcus Bondelie.

The new Mrs. Bondelie is the daughter of Dr. and Mrs. M. O. Moore of Los Gatos. She attended Mills college and was graduated from San Jose State college where she was a member of Kappa Kappa Gamma.

The bridegroom is the son of Mrs. Sena Bondelie of Santa Rosa. He attended Santa Rosa junior college and was graduated from San Jose State college where he has been doing graduate work.

The couple will live in Concord, Calif., where both will teach school.

Surian-Collins

A recent evening ceremony performed in the First Presbyterian church united Gloria Surian and Paul Jamaica Collins.

The bride is the daughter of Mr. and Mrs. Frank V. Surian of San Jose. She is attending San Jose State college where she is majoring in music. She has served as soloist for the college a cappella choir.

The bridegroom is the son of Dr. and Mrs. H. W. Collins of Portland, Oregon. He also is attending San Jose State college and has served as soloist for the college a cappella choir.

Stanton-Hewitt

Mr. and Mrs. Clyde E. Hewitt, San Jose State college graduates, were married recently in the Stone church of Willow Glen by the Rev. T. H. Simpson.

The new Mrs. Hewitt is the former Katherine N. Stanton, daughter of Mrs. I. H. Stanton. She was graduated from Campbell high school and while at SJS was a member of Kappa Kappa Gamma and Kappa Delta Pi. She is a teacher at Cambrian school.

The bridegroom is the son of Mr. and Mrs. Wellington Hewitt. He was graduated from Santa Clara high school and was a member of Alpha Tau Omega while at SJS. He is teaching at Linda Vista school.

Truscott-Kenyon

Now making their home in Fort Belvoir, Va., are Mr. and Mrs. Robert K. Kenyon (Muriel Evelyn Truscott).

The couple were married recently in the First Presbyterian church

of San Jose in a double ring ceremony performed by Rev. Harrison Truscott, uncle of the bride.

Mrs. Kenyon, daughter of Mr. and Mrs. Clarence Truscott of San Jose, was graduated from San Jose State college and served as secretary in the SJS ROTC office.

The bridegroom is the son of Mr. and Mrs. L. B. Kenyon of Kitchener, Ontario, Canada. He attended Ontario schools and is now acting as an instructor in an Army engineering school at Fort Belvoir, Va.

Bond-Catterson

Honeymooning in Canada have been Donald Shafer Catterson and his bride, the former Sallie Bond. Married last month at St. Paul's church in Burlingame, the couple are making their home in San Jose.

The bride, daughter of Mr. and Mrs. C. W. Bond of Burlingame, was graduated from San Jose State college in June and was a member of Delta Gamma.

The bridegroom is the son of Mr. and Mrs. F. H. Catterson of San Jose and an alumnus of the University of Washington. He is employed in this area as a chemical engineer.

Announce New Job Openings

The United States Civil Service commission announced a new examination for positions in all branches of engineering with a salary range from \$3,100-\$10,000 a year in a recent news release.

Applicants for these positions located in Washington, D.C., and the vicinity will not be required to take a written test.

They must have completed a professional engineering course leading to a bachelor's degree or had four years experience in technical engineering.

Students who expect to complete the required courses within six months may apply.

Graduate study in engineering may be substituted for part or all of the professional experience.

A maximum age limit of 35 has been designated for the \$3100 jobs, but there is no maximum age limit for the higher grade positions.

Information and application forms may be secured at most post offices, civil service regional offices, or from the Civil Service commission in Washington, D.C.

President and Wife Fete Faculty in Gym Reception

Dr. and Mrs. T. W. MacQuarrie were hosts at the annual open house reception held at the Women's gym Sunday afternoon for members of the faculty and their wives and husbands.

College President MacQuarrie married Mrs. Edith A. Minssen of San Jose in the latter part of the summer. She was the widow of Herman Minssen, who was vice-president of San Jose State college and head of the Mathematics department when he died in 1943.

In the receiving line at the reception were Dean of Women Helen Dimmick, Executive Dean James DeVoss and Mrs. DeVoss, Dean of Instruction Jay C. Elder and Mrs. Elder, Dean of Summer Session Raymond Mosher and Mrs. Mosher, Dean of Students Joe H. West and Mrs. West.

The purpose of the annual reception is to provide the members of the faculty and their wives and husbands an opportunity to get acquainted.

Music was provided by Dr. Lyle W. Downey, head of the Music department, on the cello, associate professor Gibson Walters, on the violin, and associate professor Richard Jesson on the piano.

Tea, coffee and hors d'oeuvres were served in the patio of the gym.

Display Work By SF Artists

Thirty-four paintings by San Francisco artists are on display in the lobby of the Art wing at San Jose State college. Dr. Marques E. Reitzel, head of the art department, announced. They are the work of 14 artists who belong to the group known as the 13 watercolorists.

This is the third year that the college has exhibited paintings by members of this group. The exhibits will remain up through the month of October. Many of the subjects are scenes familiar to residents of the Bay Area.

President Holds Meeting for New Faculty Members

New faculty members were introduced by the heads of their departments at the faculty meeting held Saturday morning in the Morris Dailey auditorium. President T. W. MacQuarrie conducted the meeting.

Recent changes in administrative offices were announced by Mr. Joe H. West, dean of students. Miss Viola Palmer, formerly registrar, has been appointed admissions officer, and Dr. Vernon Ouellette has taken a position with the Placement office.

Scholastic changes, including new three-unit courses in French, German and Spanish were the subject of a talk by Jay Elder, dean of instruction. He pointed out that a laboratory science is no longer required for graduation.

President MacQuarrie stated that the allotment made by the Public Works board for new college dormitories has been withdrawn due to the increased cost of building materials and other expenses.

"We think that the old high school buildings will be ready for college use by spring," said the president.

A new formula, devised by Sacramento, for teacher-student ratio will be tried out experimentally at San Jose State college it was decided at the meeting.

Unless we have an adequate Civil Defense, a people trained to protect themselves, we could lose the next war with an undefeated Army, Navy and Air Force still in the field.

Dean Benz Gives Advice on Draft

Are you between the "devil and the deep blue sea" as far as your draft status is concerned?

If so, Dean of Men Stanley C. Benz advises to you is: "Go ahead with your college program". Dean Benz explained last week that the closer a student is to graduation, the slimmer are his chances of being drafted.

The Dean of Men gave further reassurance to draft eligible males by pointing out that not one academically qualified San Jose State college student has been "called to arms" under the present draft set-up.

To be considered academically qualified a student must tally up to the following specifications: If a senior, he must have been in the upper three-fourths of his class in grade standings for the previous year; a junior, upper two-thirds and a sophomore, upper-half.

Fresh students, entering directly from high school, must be given an automatic one-year deferment. However, the first-year student must make a request to his local board for the deferment, must supply the board with evidence that he is entering as a full-time student (12 units minimum) and must show that he is doing satisfactory work.

Potential drafters who do not qualify on any of these counts but who passed the college qualification examination given earlier this year, are entitled to consideration by their local board.

"The important thing to remember," Benz emphasized, "is that a student must make the initial move to secure a deferment by contacting his draft board. Then he must supply the board with some record certifying that he is a full-time student and is doing satisfactory work." Benz said that the ne-

cessary information will be provided the draft board by the Registrar's office upon student request.

For the student who finds him-

DEAN BENZ

self the recipient of a "greetings" from Uncle Sam, despite having fulfilled requirements for consideration of deferment, Benz recommends only one other course of action—"Appeal to the State draft board in Sacramento."

Get Faculty Cards

Faculty members will pick up their faculty cards from department secretaries, rather than at the Graduate Manager's office, it was announced last week.

In the past faculty cards were issued through the Graduate Manager's office, but cards are now checked out to department secretaries who will issue them.

Courses Are Open to SJ Area Residents

Four early morning and three evening courses of special interest to employees of industrial establishments in the San Jose area now are being offered by the San Jose State college Engineering department, according to Dr. Ralph J. Smith, head of the department.

Qualified persons who are unable to undertake full college programs may register as limited students for as many as six units of college work.

Limited students will register at the first class meeting. Total fees are \$5 for limited students taking a three-unit course. These fees are payable at the second class meeting.

Courses to be offered are:

Engineering Materials, 7:30 to 8:30 p.m. Mondays and Wednesdays, 260 S. 7th St., Al Wolff of Food Machinery Corp.

Engineering Reports, 7:30 to 8:30 p.m. Mondays and Wednesdays, Room 7, Administration Building, Norman O. Gunderson, assistant professor of engineering.

City Planning, 7:30 to 8:20 a.m. Mondays, Wednesday and Fridays, Room 7, Administration Building, Michael Antonacci, San Jose city planning engineer.

Industrial Relations, 7:30 to 8:20 a.m. Mondays, Wednesday and Fridays, Room 11, Administration Building, Jesse M. Zimmerman, associate professor of engineering.

Time and Motion Study, 7:30 to 8:20 a.m. Tuesdays and Thursdays, Room 11, Administration Building, laboratory, 7 to 10 p.m. Mondays or Tuesdays, Prof. Zimmerman.

Aerodynamics, 7:30 to 8:20 a.m. Mondays, Wednesdays and Fridays, 306 S. 5th St., Harry P. Hale, assistant professor of engineering.

Aircraft Drafting, 7 to 10 p.m. Mondays, Wednesdays and Fridays, Room 13, Administration Building, R. G. Rymer, Hiller Helicopter Co.

Health Director Advises New Students to Sign for Physicals

Those new students who have not had their physical examinations were advised Monday by Miss Margaret Twombly, director of student health service, that appointments may be made for examinations to be taken Saturday morning, October 6.

The health director pointed out that all new students must take the physicals, and that the exams should be taken as soon as possible.

Miss Twombly also stated that by giving everyone a physical examination, the Health department is not trying to keep students out of college, but to keep them here and in good health. She said that the department serves as an invaluable aid to students and faculty by helping to advise the student about his prospective course. If a student is not physically fit for the objective he has selected,

then he is advised to select better course of study.

Through the early physical exams it often is discovered that the student would fail his teacher training examination given later, Miss Twombly explained.

One of the other more important services of the health office, Miss Twombly pointed out, is protecting the college from active communicable diseases. Last year, she said, 11 cases of active tuberculosis were removed from campus, and most of the sufferers didn't realize they had the disease.

In such cases, the students were called to the Health office, told that their future health was in jeopardy, and advised to take immediate treatment.

The military will carry the war to the enemy but in an atomic attack it will be Civil Defense that protects the home-front.

SJS Students Take Officers Training

A six-weeks officers training program at the Marine Corps base in San Diego was taken this summer by 12 San Jose State college students. About 750 college students participated in the program, representing 126 colleges throughout the country.

They will be recommended for training next summer, which may lead to a commission in either the Marine Corps Reserve or the regular Marine Corps.

Students from SJS were Richard W. Balfour, Sacramento; David L. Barry, Glendale; Arvel Clark, San Jose; Robert A. Frazier, Martinez; Frederick Hawkinson, Campbell; Jack L. Helsel, Sacramento; James A. Jorgensen, Dos Palos; Loren L. Lansberry, Hood River, Ore.; Stewart McCullough, San Jose; Hugh T. Moss Jr., Pacific Grove; Richard K. Thompson, San Jose; and Richard C. Vasm, Oakland.

A Thousand Mirrors . . .

For the past three months the men who make the news seem to have been busy proving that Puck's famous words, "What fools these mortals be", is one of history's greatest understatements.

June started off with a bang when eleven of the country's top Commies suddenly found themselves in the clink as a result of a Supreme court decision upholding their conviction. Why they were not already veterans of the hoosegow nobody seemed to know.

The State Department, the Army, and the Executive Department all hung out their dirty linen during the MacArthur trial. Americans suddenly realized their government wasn't the smooth-working machine that appeared on the surface.

Congress finally passed a bill sending wheat to India after that country began buying it from Russia.

All over the nation teen-agers turned to marijuana and heroin for new excitement. Laws preventing the sale of the drugs were extremely lax. Why, is still a mystery.

Harry Truman fought for wage and price controls—finally got a few—prices and wages kept on going up.

A unanimous groan came from the youth of America when Congress passed a bill lowering the draft age to 18½.

The Korean war passed into its second year. The U.S., and the U.S.S.R. were busy yelling "war-monger" at each other. When they began the truce talks Americans thought they saw a ray of hope but the talks seem to be fizzling out in a rain of charges and counter-charges. Meantime the casualty list kept growing.

Iran kicked the Anglo-Iranian Oil Co. out of Iran but want the British to stay and run it for them.

Television turned its cruel light on the Senate Crime committee hearings. Americans were shocked. But the men on the stand were Americans.

Not to be outdone by prices, taxes and draft-calls, a Navy supersonic plane set a new altitude record.

The Japanese Peace treaty was signed but the German treaty still seems a long way off.

All in all, the average American newspaper reader felt as if he were caught in a house with a thousand mirrors. The floor was coming up and the roof coming down. And he searched the front pages desperately looking for an unlocked door.

—B.S.

College Morals Fail to Live Up to Pessimistic Prophecy

Lubbock, Tex. — The expected post-war breakdown of morals among college students in regard to sex behavior and the use of alcohol did not arrive, according to Dr. Charles E. McAllister, who recently completed a survey of conditions at 98 leading colleges and universities in the United States.

Dr. McAllister, dean of the Cathedral of St. John the Evangelist, Spokane, Washington, who is nationally recognized as an outstanding minister, lecturer and writer, delivered a series of addresses at Texas Technological college.

The speaker reported an increasing interest among college students in basic moral codes and in religion, but said that religious education is unsatisfactory, as it is presented in most schools today.

His suggestions were that religious material be presented on as

high an academic level as any other subject and that it be presented on a broad, non-sectarian basis.

Dr. McAllister also called attention to the high percentage of cheating on examinations in our colleges and universities. This is definitely a moral breakdown, he said.

—Intercollegiate Press Bulletin

Frosh Confused

A confused little USC frosh girl wandered into a sorority house just before the fall semester started and gushed, "My goodness, I just love your house, it's so pretty, and everyone is so pretty, and I've heard so much about your sorority and everything, but I'm sorry—I've just forgotten what house I'm in."

Daily Trojan

College Frats On Spot Says Vermont Prof

Middlebury, Vt. — "Fraternalities will be compelled in the next few years to prove that they can make as significant contribution toward college educational purposes," commented W. Storrs Lee, dean of men at Middlebury college, after reviewing decisions of the thirty-ninth annual National Interfraternity Conference, held recently in New York City and attended by over 500 deans and fraternity representatives.

"Pot shots are being taken at fraternalities from all angles," he continued. "They are on the defensive in many colleges, and despite the militant attitude of the National Interfraternity Conference in insisting that fraternalities have the right to discriminate as much as they wish in the selection of members, consideration is being given on many campuses to the banning of fraternalities with discrimination as the motive."

Dean Lee does not question the "right" of fraternalities to limit membership on the basis of physical infirmities, race, religion and political conviction, but he maintains that it is a narrow approach to a far-reaching problem.

"The college cannot exist for one purpose," said Dean Lee, "and the fraternity within the college, for another purpose. One of the objectives of higher education is to bridge differences of religion, politics, and creed—to bring an understanding among men of varying beliefs and backgrounds, so that they may live together with a degree of amicability."

Navy to Accept OCS Candidates

Dean of Students Joe H. West received word this month from the Office of Naval Officer Procurement and U.S. Navy Recruiting Station in San Francisco stating that the Naval office has been given the go-ahead to accept applications for the Naval OCS at Newport, Rhode Island. The Newport school's quota will be upped from 350 to 750 students commencing with the selection for the December, 1951 class, according to the letter directed to West.

Undergraduates may apply for admission 120 days prior to graduation while post-graduates may apply at any time. Applications

must be submitted before a candidate has received notice to report for induction via the selective service route.

Capt. R. D. King, head of the San Francisco office, said services of his staff may be made available for periodic visits to campuses where sufficient interest is shown.

Those seeking further information should contact the U.S.N. Recruiting station, Federal Office building, San Francisco 2, Calif.

Perennial Perplexity Strikes Again

NO, THIS IS NOT the hungry masses awaiting the opening of bread lines. Nor is it a group of fiery-eyed revolutionists plotting to overthrow the government. And it's not a mob scene from a movie that got "better than ever". If these characters do look a trifle wild—a fate worse than bread-lines, revolutions or movies. But it's all over now—at least for three months.

Committee Irks Cal Writer

Witch hunting, 1951 style, is on the march again in Hollywood, film capital of the world.

During the current hearings over fifty witnesses "unfriendly to the committee" will appear. These men and women, who were partly responsible for many of the better movies made in Hollywood, are now on the "blacklist" of the motion picture industry and are unable to find employment regardless of their merits.

"The blacklist" is a phenomena strange to America but in the last few years its use has been growing. Motion picture studios are afraid to hire a person who has been suspected of entertaining what might be interpreted as "too liberal viewpoints". If they should hire these persons they might be dragged over the coals by the Congressional witch hunters.

The use of the "blacklist" in the film industry has become so widespread that a person who is termed "unemployable" need not even be called before the committee. Should one person who testifies mention the name of a director, writer or actor before the committee the livelihood of that person as a film maker is jeopardized.

The committee, realizing this, has set about through its policy of intimidation to make the motion picture industry a mere shell of its former self with its investigations into the private lives of the film workers.

And what are some of the films on which these people worked? "Body and Soul", "The Lost Weekend", "The Search" and "Cyrano De Bergerac" are but a few of a long list.

Films such as the recent 'A Place in the Sun' may never again be made, for the co-author of the screen play, Michael Wilson, was among those summoned before this infamous committee. In a statement to the press, Mr. Wilson said, "I know of only two conspiracies in Hollywood . . . this committee's conspiracy to destroy the last vestige of free cultural expression in the film industry and the industry leaders' conspiracy of appeasement, in which they have agreed to blacklist any film maker whose views do not conform to the committee's standards." For taking this stand Michael Wilson is on the blacklist of every studio in Hollywood and may never work in that city again.

On the outcome of these hearings hinges the fate of Hollywood's films. If there is to continue to be a free screen which produces motion pictures of merit, these Hollywood people must not fall prey to Congressional witch hunters. If they do, in the end it will be the American people who suffer.—Jan Blankfort.

Air ROTC Will Change Personnel and Uniforms

Beginning this quarter, advanced students of the Air Force ROTC will be wearing the Air Force's blue uniforms, Lt. Col. Howard E. Brown declared yesterday.

It is hoped, Colonel Brown said, that by this time next year all members of the unit will be able to wear the blue uniform, and later this year it is hoped that the students will be able to display their rank by the shoulder boards that will be issued them.

Because of the new Air Force ROTC units in 62 schools, there has been a great change in the personnel of the training unit, Colonel Brown declared. With the exception of himself, Capt. George B. Richards, and M/Sgt. Virgil M. Carroll, the unit's personnel has been added in the last year.

The new officers are Lt. Col. Joseph E. Terry, Maj. Stanley W. Martin, Maj. John H. Huges, Capt. James L. Simkins, and Capt. Raymond H. Hutchins. The new enlisted men are M/Sgt. Don W. Fryer, M/Sgt. Charles F. Salter,

M/Sgt. Vincent W. Staniszewski, M/Sgt. Glen C. Steed, M/Sgt. Harold A. Stillwell and T/Sgt. Thomas A. Filler.

About 200 freshmen are expected to enroll in the course Colonel Brown said, bringing the total enrollment to about 350 men. The freshmen enrollment last year was only 90.

Admissions Office Registrar Moved

Students and instructors returning to the campus will find many of the administrative offices in new locations as the result of changes made during the summer. Eventually, all of the deans' offices will be on the second floor of the Administration building, according to a release for the college's public relations office.

The Admissions office and Registrar's office have recently moved from Room 120 to Rooms 124 and 126 where larger quarters have been made available.

Don Duo Due Back; Osborne, Matthews Share Honors

By ROY HURLBERT

Three weeks from now, USF's dynamiting Dons come to Spartan stadium to take a second whack at Bob Bronzan's Golden Raiders. And Spartans be thankful, this will be the last time Ollie Matson and Ed Brown get a chance to act nasty to our boys.

Messrs. M. and B. two-timed San Jose State in the arc light opener Friday night by the Golden Gate as the Hilltoppers lived up to pre-season supposings, which tab the Dons first on the independents totem pole.

Matson hit par for the Spartan course. His two scoring slants, a 45-yard ramble off left tackle and a straight-ahead center plunge from the one, equalled his annual output against a Spartan eleven.

In '49 the slick speedster pulled his mates out of a losing fire with two last quarter td's to drop the Spartans, 27-20. Ollie streamed for another pair last year in the 27-0 whitewash, won by Kuharich's team.

Matson, by the breath of a referee's whistle, barely missed a third six-points Friday night. He clipped off 59 yards on a right guard excursion to the last stripe, but the officials said some Don used his paws illegally and Matson's trip was cancelled.

Ollie hogged hauling honors. He accounted for 29 carries, picking up 127 of USF's 161 ground yards, best individual feat.

Kuharich's air force, piloted by Excellent Ed Brown, netted more than the infantry, Matson's company. Brown hit on 19 out of 34 passes for 263 yards and four tallies.

Sparta's backs, rallying briefly in the final quarter, divided grounds-gained honors. Half-backs Bob Osborne and Al Matthews led Bronzan's carriers with 26 yards apiece.

Sophomore Larry Rice, elevated to first string for his effort, completed six for 14, near closing time.

The statistics:

	USF	SJS
First downs	18	4
Rushing yardage	191	61
Passing yardage	261	46
Passes attempted	38	15
Passes completed	19	6
Passes intercepted	4	1
Punts	3	11
Punting average	37.3	31.3
Fumbles lost	0	1
Yards penalized	68	80

Individual statistics:

	TCR	NYG	Avg.
Al Matthews	5	26	5.2
Osborne	7	26	3.7
Amara	5	17	3.4
Mendonsa	4	11	12.8
Sykes	5	10	2.0
DiCiccio	1	3	3.0
Morris	3	1	.3
Rice	3	-16	-5.3
Hamilton	3	-17	-5.7

Under Wheelahan

Sparta-Babes Working Out

With 18 men from spring football practice as a nucleus, Coach Jim Wheelahan began pushing his squad through its initial workouts this week. A six-game schedule beginning with the Stanford JVs October 13 faces the Sparta-babes.

Athletic leaders adopted the j.v. club after a lapse of several seasons when a new conference rule allowed freshmen to play varsity ball. The B squad will take care of the overflow of talent, and give more men a chance to be seen and have a crack at the varsity, according to Coach Wheelahan.

The j.v.'s practice separately from the varsity on the new Tenth street field near Spartan stadium. Daily workouts begin at 4:00 o'clock.

Coach Wheelahan is being assisted by Mel Stein. Both were known for their aggressive line play on the Golden Raider teams of recent years.

The j.v. schedule is as follows.
Stanford.....October 13
California (tentative) Oct. 20
Santa Clara.....November 1
Moffett Field.....November 10
Salinas J.C.....November 17
U.S.F.....November 20

Intramural Sports Start Soon-Perry

San Jose State college's intramural sports program moves into gear with football heading the list for the fall quarter according to Bill Perry, intramural athletic director.

Football will commence as soon as teams have been organized and a schedule drawn up Perry commented, which should take a week or more to accomplish. Two leagues will be drawn up representing independent and fraternity organizations. A play-off for the mythical intramural crown between the two champions will conclude the regular schedule.

Independent and fraternal organizations are advised to enter their team roster as soon as possible, Perry added.

Intramural basketball will follow the grid season in December.

Boxing Coach Dee Portal Returns From Four Week Tour of Far East

Back from an extended 12,000 mile trip to Japan and Okinawa, Dee Portal, San Jose State college boxing coach, settled down to work at his old stand in the Men's gym yesterday.

He returned last week.

Portal was one of five boxing coaches who left San Francisco Aug. 20 under the auspices of U.S. Army Special Services department to conduct boxing clinics in the Far East for the U.S. armed forces.

The five coaches staged a one week program in Tokyo on their arrival, then went to Yokohama for a week and subsequently to Okinawa the third week.

lie Reynolds of the Washington D.C. Boys' club, and Portal.

Portal commented on the sports program of the services as "typical" as compared with those of U.S. colleges and universities.

"Every boxing coach is scouring the ranks for eight champions, the football coaches are hunting for all-Americans and so on," the colorful coach stated. "Excluding rare cases, the intra-mural programs are miserable. The only time GI-Joe participates in sports is to cheer," Portal added.

"The rivalry between the services is terrific and perhaps too

much emphasis is put on to win," Portal said. There definitely should be an expansion of the intra-mural system. The headache is to find qualified physical education instructors."

Portal pointed out one difference between the American and the Japanese as observed during the one-day clinic for the Americans. "The Japanese is eager to learn and always makes his best effort while the American is sometimes under the impression that skills come naturally," Portal said. "Of course, in boxing enlightenment comes in a hurry," he added.

Bronzan Shuffles Starting Line-up

By ROY HURLBERT

If at first you don't, find out why and start shuffling a bit.

With this philosophy, Coach Bob Bronzan rehashed San Jose State's starting lineups for the Stanford game at Palo Alto Saturday.

When he finished his promotions and demotions, the Spartans found 11 changes in the platoons which will go against Coach Chuck Taylor's Indians.

Bronzan wasn't too happy over a few performances in the USF debacle, so he made with the alterations.

Football managers are urgently needed according to Senior manager Russell Whitman. Men interested may obtain further information at the Physical Education office.

Also, there's a matter of squad-cutting. He has to pare down his roster of 63 to a more workable 44 before the week is out. Eleven men are tabbed for the junior varsity, while eight more must be eliminated to make Bronzan's task easier. Just who will be among the dropped 19 is dependent on pre-Stanford drills, heavy-duty scrimmage ending today. The competition, therefore, is fierce, with the Golden Raiders sparing no friendship in their battles for starting jobs.

Sparta's coaching staff saw promise in a number of boys during the USF game, resulting in a step forward for several.

Sophomores Jack Adams, 210, and Sal Cardinali, 230, will man the tackle posts. Adams, a transfer from Fullerton J.C., is coming along fast, as is Cardinali, with Monterey J.C. last year. George Porter, 216, and Bob Fox, 206, are behind these two.

Bruce Halladay's knee injury, shelving him from four to six

weeks, brings veteran Dick Bondellie to left guard. Bondellie, 199, also backs up the line on defense.

Paired opposite Left End Ray Poznekoff will be Stan Wacholz, 197, versatile junior, who has worked at defensive halfback. Wacholz stands six-three, while rugged Poznekoff is a comparative shorty on the left flank, only five-ten in height.

Sophomore Larry Rice and Junior Bob Sykes join Bob Osborne and Gibby Mendonsa in the first backfield quartet. Rice, Bronzan thought, did pretty well in the second half against USF, so he gets the call at quarterback. Rice will have to stay on his toes to edge Lynn Aplanalp, ready after nursing torn ligaments. Jerry Hamilton also should see action in Stanford stadium.

Moving in defensively as starters are Sophomores Jack Carhart, 204, left end; Junior Al Cadena, 192, middle guard; Sophomore Dempsey Farrier, 188, linebacker; and Junior Matt Vujevich, 178, halfback.

Mexico Offers Aid To U.S. Students

Nineteen fellowships for study in Mexico during the academic year beginning February, 1952 are now open to U.S. graduate and undergraduate students.

The grants, which cover tuition plus a monthly living allowance, are offered by the Mexican government through the Mexican-United States Commission on Cultural Cooperation.

The fields in which awards are available are as follows—under-anthropology, archeology, ethnology, archeology, ethnology, Mexican history, architecture, philosophy and letters—graduate; physical graduate; physical anthropology, ogy, Mexican history, museography, painting, biological sciences, pediatrics, tropical medicine, and cardiology.

Eligibility requirements include U.S. citizenship, knowledge of Spanish, good academic standing, good health, and knowledge of the culture of the U.S.

Encouraging applications from interested students, Mr. Kenneth Holland, president of the Institute, said that the fellowships are offered as a gesture of good-will to the U.S. from Mexico.

Trio Swings For State Crown

San Jose State's golfing clan were right in the running for the California amateur golf crown being held at Pebble Beach in Monterey. George Bruno, Northern California Intercollegiate golf champion in 1950 while at San Jose, led the Spartan contingent with a 35-38, 73, one stroke behind

the first day leaders in the 36-hole qualifying test.

Ken Venturi, the slugging sophomore linksman and 1951 Northern California titleholder, also appeared a cinch to make the 64 place championship flight with a 37-38, 75, over Pebble Beach's tough par 72 layout.
